Impact

The library has seen year-to-year increases in services and programs since moving into the new building in July 2024

West End Exterior Renovation

The Friends of the Library received a \$30,000 grant and used donations and funds raised to complete a \$52,000 exterior renovation of the west end of the building in the summer and fall of 2025. These shots show before and during the demolition phase of the facility.

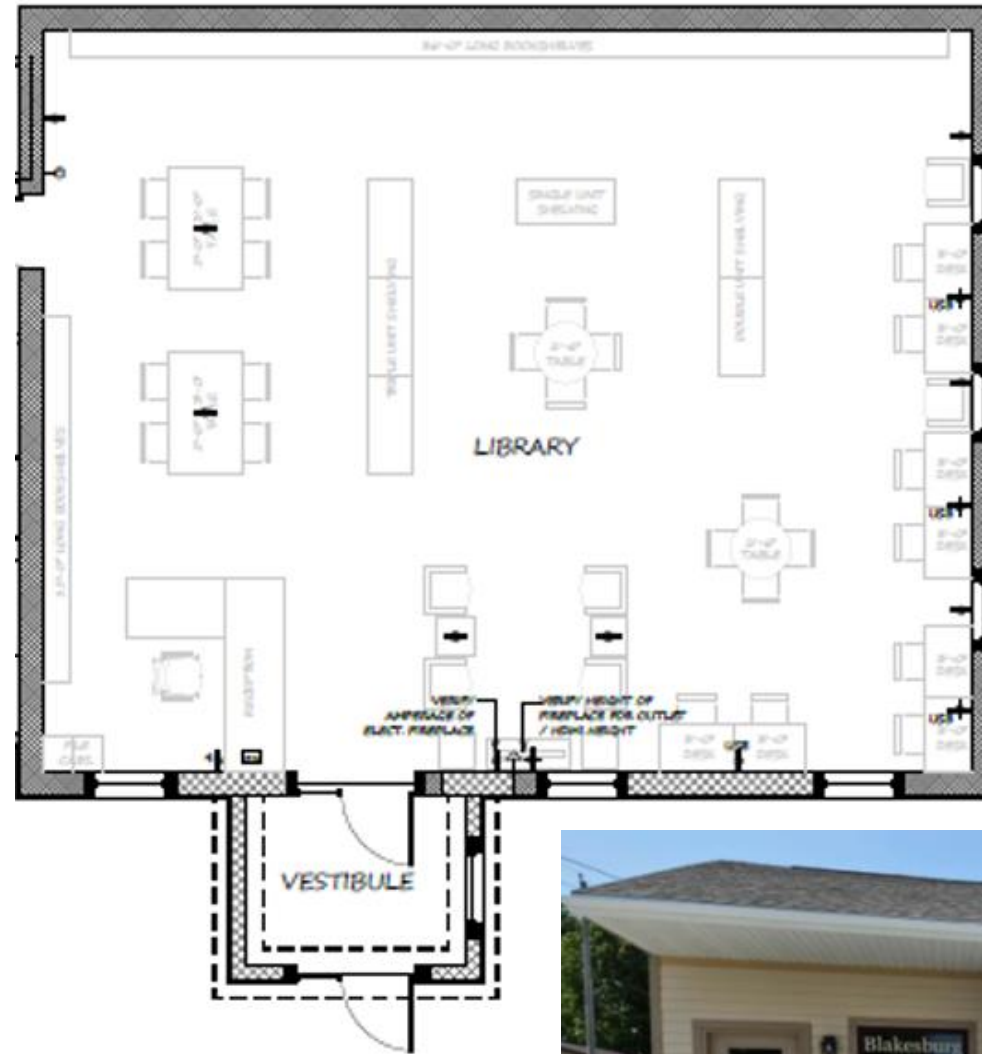

Pictures of framing in doors and windows, applying vapor barrier and siding to exterior of the west end. All that was left in these photos was the brick trim.

Future plans

2026–2027

Raise funds to complete interior, and move from the meeting room into the new library space in the west end of the facility.

Please consider joining the Friends of the Blakesburg Public Library to be a part of this community betterment project.

Thank you
for being
a friend!

The Friends of the Blakesburg Public Library is currently obtaining bids to complete the interior renovation. Anticipated costs are in the \$65,000 to \$80,000 range. The 501(c)3 organization is accepting donations, participating in community fund-raising events, and writing grants to complete the project so the community will have full use of the library and the community meeting/activity room.
